When Policy of the New Program Is Revealed to the Public.

By Associated Press. Paris, Oct. 24.—Clementine Camille has begun the formation of his program and the indication is that it will be very broad and that possibly some surprises are in store. In well informed circles the impression prevails that the plans of the government include, beside the complete carrying out of the law providing for the separation of church and state, legislation establishing workmen's pensions, the state purchase of the western and some of the southern railroads, and the creation of a state monopoly of petroleum and alcohol. The draft of the budget, as presented by the budget commission, under the Sarrien ministry, which has been bitterly assailed especially by M. Poincare, the ex-foreign minister, as being improperly balanced, probably will be revised.

## ORGANIZED EFFORT

### Being Made by Trainmen to Secure the Eight Hour Work Day.

#### NO STRIKE EXPECTED.

### Switchmen's Fight is Taken Up by the Larger Organization.

The long drawn out efforts of switchmen on railways all over the country for an eight hour day, now looks more hopeful than ever before. The effort for the shorter hours affects men in the local yards as well as those on all roads in the country, especially in western lines.

Yesterday in Chicago the labor situation assumed increased importance when the Brotherhood of Railway Trainmen in behalf of its switchmen members presented formal demand for an eight hour day. Hereto for the fight has been made by the Switchmen's Union alone. Insignificant in membership as compared with the O. R. T. Every railway system west of Buffalo is involved in this demand. The formal demand asks for an eight hour day and for the retention of the present wage scale for eight hours work in lieu of ten, though on many roads payment is made by the hour. Requests for conferences with each railway system within ten days, also accompany the demands.

**KENTON-LIMA LINE**

Eastern Capitalists Are Ready to Take Up Project.

The Kenton News-Republican says regarding the Lima line:

There is, according to a Kenton business man's statement, an eastern capitalist, who has his eye on the Lima, Kenton & Marion traction line proposition. This capitalist is not in any way associated with the capitalists that are now building the line.

It is said that if Mr. Ogan does not succeed in constructing this line, the above mentioned capitalist will step in and push the line to completion. So it seems that he would have a line even if Mr. Ogan did not succeed in his project. But it is the hope of Kenton that Mr. Ogan will succeed; and it is the belief of the Commercial club that he will.

Mr. J. B. Fletcher said today: "I know of a capitalist who thinks the L. K. & M. project most feasible, and he will take up the line if Mr. Ogan drops it. But we believe Mr. Ogan will never let go of the proposition until the line is built."

What is a Good Item? a girl asked this reporter today. "Roger Murphy, who is 17 years old, should run away with an old maid of 29, and go over into Missouri to be married by a justice of the peace, and if Roger's father should go over into the hills with a shot gun, to look for and shoot at the old maid, that would be a Good Item."

## FE PLEADED

## Another Chance for Husband.

Secutor Granted it Under a Bond For One Thousand.

## MARKLE IS FREE

is Plea of Guilty to Non-Support of His Family.

Decisions Wrongly Construed by Some Readers.

The pleadings of a wife, who believed her husband and who is willing to grant him another chance, being Attorney Welty was permitted to accept the plea of guilty of George Markle, indicted for non-support and a \$1,000 bond signed by himself and friend, Markle, was granted. The case of Markle is one of peculiarities, and it is believed the judge will do what is right. With words or family jars, Markle disappeared from Lima months ago, leaving a wife and children. Hearing no word from him, the wife finally brought the matter to the attention of the grand jury, which was apprehended. He had the wife better treatment, and a good mechanic, and a job of work in sight, so that the secutor feels justified in giving a chance, for the indictment should be made to make it will be remembered that the penalty is the penitentiary on

a plea of non-support, and the court imposed this penalty on a Spencer-ville father not so long a time ago.

## WRONG IMPRESSION

Entertained by Some People Over Recent Decisions.

There have been two decisions in common pleas court to which this paper has referred that are of general interest, and a wrong impression may have been gathered by the public from the short references made by the press. In the suit by Norton, et al., vs. Hetrick, on one of the old notes given R. C. Fausot in aid of the C. L. & M. R. R., the court held that the petition was good against a general demurrer but made no holding whatever on the merits of the case. In the case involving the right of parties to bring suits out of the township in which the defendants reside, the court held that the justice of the peace had jurisdiction throughout the country where a writ of attachment issues with the summons. So the statute provides and so the circuit court construes the statute.

## THE WHEATON TRIAL

Set for Hearing in the Criminal Court Tomorrow.

The trial of Charles Wheaton, alleged to have shot at Michael Troxel with intent to kill, is set in the criminal court for tomorrow, and may bring out some sensational testimony if it comes to trial. Owing to some features of the case there is a possibility that the prisoner may be given an opportunity to plead guilty to a minor indictment, if certain statements of prominent witnesses in the case can be substantiated. Troxel, it is said, is still very bitter against the young man, and will take the stand against him.

## THE TRUE TEST.

Tried in Lima, It Has Stood the Test.

W. S. Rusk, agent for the Singer Sewing Machine Co., and living at 209 west Elm street, Lima, O., says:

"In the fall of 1898, I told through the local papers how Doan's Kidney Pills, procured at W. M. Melville's drug store, had relieved me of severe pains in the back and loins and other evidences of kidney trouble. The disorder had been coming on for two or three years and was aggravated by an accident which strained my back. I began to suffer dull, heavy pains through the back and up the shoulders. Doan's Kidney Pills helped me from the first, and I continued taking them until the soreness, stiffness and lameness left me, and not a sign of the old trouble remained. The cure was complete, and I have remained cured for the past five years."

## THE IDLER.

An advance in the price of gas in 14 towns and cities in the Ohio Valley has been announced by the Manufacturers' Light and Heat company of Pittsburgh, a subsidiary concern of the Standard Oil company. The rate to increase from 25 to 30 cents per thousand feet to private consumers and to manufacturers from 10 to 12 cents to 12 and 14 cents a thousand feet. The places affected are: Economy, Leetsdale, Ambridge, Freedom, Rochester, New Brighton and Beaver in Pennsylvania, Best Liverpool, Wellsville, Toronto and Steubenville in Ohio.

Sunday morning witnessed the passing of the fifth victim of the Ft. Recovery disaster. John McMillen, who had suffered intense agony since the explosion, breathed his last and the pall of grief and melancholy which was hung over the village since last Wednesday came darker and denser than ever. All the others who were injured are getting along nicely and it is thought that there will be no more fatalities.

New passengers cars Nos. 9, 10 and 11 for the Ft. Wayne, Van Wert & Lima, line are being prepared for service again. The former is the car which was derailed and damaged at Lima. The parlor car "Van Wert" was taken from Lima to Van Wert Monday and placed in the barn there. The car created much interest at Columbus and the owners received some prizes. It was on exhibition there last week.

Negotiations are pending whereby the Toledo and Indiana Electric Railway will build a branch road from Delta to Defiance. The branch line will parallel the Wabash to Defiance and the Baltimore and Ohio to Hicksville. The survey is well under way.

B. C. Whitney's delightful musical comedy, the "Isle of Spice," which comes to the Faurot opera house on tonight is a dream of scintillating color that has never been surpassed in the history of elaborate stage settings. The piece itself, while it has no striking story to tell, is full of music that is calculated to tickle the ears, and the comedians are given ample opportunity to disport themselves to unbounded delight of the audience.

"To Proud to Beg" is the title of Lincoln J. Carter's latest effort and will be seen at Faurot opera house on tomorrow night.

The plot is a good one, consistently told in such a manner as to thrill one from the beginning to the finale.

The cast is said to be excellent who interpret the many characters intelligently and with much dramatic flavor. Several specialties are introduced during the action of the play and some of the popular songs are rendered that always pleases.

A mock wedding was the main entertaining feature of the social meeting of the "Shidos Club," held at the home of Mrs. Rose Stump in the Duffield block last evening. Andy Gottfried played the part of the charming bride, elegantly gowned and while Tessie Taftinger was the demure looking groom, dressed in the convention at black.

After the ceremony the party sat down to a lunch comprising twenty-three different viands. The guest list included the following ladies and gentlemen: Misses May and Ida Schwartz, Mary Boinger, Lizzie Arm and Viola McCarty, and Messrs. Harry Shook, Harold Stump, Avery Van Gunten, Charles Gregory and Howard Simon. The club has arranged with the Macabees to put on the wedding and in addition to render a farce-comedy entitled the "Last Day in the Country School" for the local Macabees on Thursday night, November 8, at their hall in the Central building.

## The Lonely Life

The Tragic Confession of a Spinster, Who Realizes That No Fame or Wealth Can Compensate for the Solitude of Her Life.

In this article the author, whose name for obvious reasons we are not at liberty to disclose, drops for once the mask which she in common with other "Bachelor Maids," is accustomed to turn to the world.

Though no longer young, she frankly says she longs for the companionship of a husband and the care of children. The circumstances which have kept from her the happiness which these blessings bring are stated with the same directness which characterizes the whole article. It is the life-story of a "successful" woman, a drama of real life in which the last act is a tragedy.

### OFFICERS AND MEMBERS OF COMMITTEE.

President—Rev. William Surdick; vice president, G. W. Williams; secretary, J. C. Jones; treasurer, M. L. Morris; and Dr. R. E. Jones.

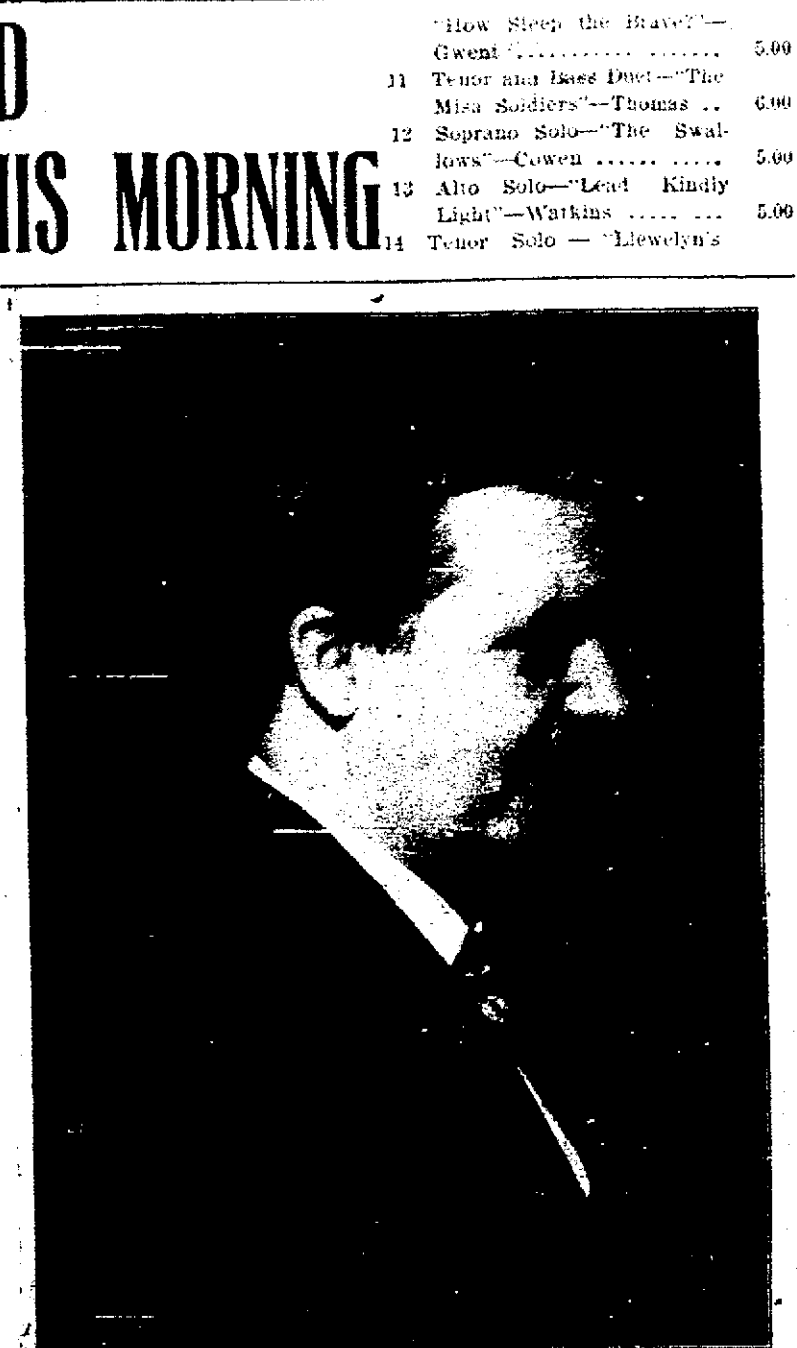

History of Eisteddfod. The Eisteddfod (pronounced as if it spelled eisteth-fod) is to the Welshman what the Saenger is to the German; more than any other custom it is representative of the country and aroused his national pride. The Welsh claim descent from

and Patagonia. The most notable Eisteddfod held on American soil was that which convened at Chicago during the World's Fair. The Eisteddfod in the United States has been devoted chiefly to choral and part singing, but literature, oratory, art and sculpture have not been entirely ignored. It has thus undergone great changes, but not without leaving its impress upon the civilization of today, which is distinctly British. The primitive Eisteddfod was a tribal institution, and was the visible government, church and college, of the early Celtic tribes. It thus became the cradle of law, learning, and liberty. Its patrons and promoters always upheld the doctrine of equality, and cultivated individuality, the most notable characteristic of the Celt. These influences, acting for centuries, have given to the world the modern doctrine of personal liberty, so admirably expressed by Jefferson, and

the grandson of Noah. They are the Chamber of antiquity, the cradle of the early Roman period, and are the Cynry of today. The Eisteddfod is the oldest of their national institutions. It dates back to prehistoric period. Tradition tells us that a royal Eisteddfod was held under the auspices of Prydain Aedd Mawr, who ruled in Britain about 1000 B. C. The first historical reference to an Eisteddfod occurs in the 12th century. He wrote of the Gallic Druids assembled at a period of the year in a consecrated place, and all who had disputes submitted to their decrees. The historic period of the Eisteddfod dated from 540 B. C., when an Eisteddfod was held at Conwy, at which Maedogwyn Gwynedd presided. From that date to 1568, Eisteddfods were held at regular intervals, when circumstances permitted. The most notable were those of 1176, 1260, 1368, 1461 and 1523. Over the sovereignty passed out of the hands of the Welsh, the Eisteddfod lost its authority, but suffered no loss of influence in literary matter. Those held under a royal commission exercised authority in some things, notably that of 1568, when the Welsh were mandated to adopt statutes. The early modern Eisteddfods dated from 1847. National Eisteddfods have been held in Wales annually thirty years, more, and local meetings have been held wherever Welshmen may be found, even in Australia, South Africa

buffeting of the waves of adverse circumstances and conditions—in a word, to uplift, to promote to cherish. How many sterling artists there be upon the boards of the British metropolis and elsewhere today who point with pride and gratitude to the Eisteddfod as their Alma Mater! And even in our own land the beneficence of this master of music and literature has been attested in numerous instances. Let us then lend our best energies to the maintenance of the noble institution, and the furthering of the objects which comprise its "reason to be."

## WELSH EISTEDDPOD

Continued from page 5.  
gram was sung by several hundred  
voices. "America" was the opening  
chorus and it was sung by the mem-  
bers of the contesting choruses, choirs,  
soloists and spectators and the rendi-  
tion was given with vim and spirit that  
was an inspiration for the day's long  
list of musical events. I. R. Long-  
worth, of the Lima Choral society, of-  
ficiated as director at the opening.

The Eisteddod is being held in the  
Mammoth rink, in Delphos and is be-  
ing given under the auspices of the  
young men of the Congregational  
church of Gomer. The event has been  
well advertised throughout north-  
western Ohio and the attendance at the  
opening session and the lists of entries  
for the competition numbers in the  
day's events indicates that the Eis-  
teddod will be a splendid success.

Lima is well represented both in the  
entries for the contest and in the au-  
dience. The Lima Choral society, with  
I. R. Longworth as director, will par-  
ticipate in the mixed chorus competi-  
tion this evening; the Lima male chor-  
us, with Prof. Walter E. Ryder as di-  
rector, is entered for the male chorus  
competition; Miss Millie Sontag will  
direct the Lima singers in the Glee  
competition and the Lima Ladies' chorus  
in the Ladies' chorus competi-  
tion. Lima is also well represented in  
the entries for the instrumental and  
vocal solo competitions.

After the singing of the opening  
chorus this morning, an address was  
delivered by the president of the Eis-  
teddod committee, Rev. William Sur-  
dival, who concluded by introducing the  
president of the day, Dr. R. E. Jones,  
of Gomer. Dr. Jones delivered an  
address very fitting to the occasion  
and introduced to the audience the  
conductor of the session, Hon. T. P. Williams,  
of New Castle, Pa., and the  
adjudicator of music, Dr. W. R. Her-  
bert, of St. Paul, Minn.

### MORNING WINNERS.

Great Crowd of Musical Lovers in Del-  
phos Today.

By Staff Representative.  
Delphos, Ohio, Oct. 24.—Noon.—Del-  
phos is filled today with musical lovers  
from all over Northwestern Ohio. Great  
interest is being shown in every  
event on the program, which was open-  
ed in the prettily decorated Mammoth  
rink promptly on the hour, with a  
chorus, "America," led by John F. Jones.

Dr. R. E. Jones, president of the  
day, made one of his most delightful  
talks in his formal address and closed  
by introducing Hon. T. P. Williams,  
as conductor of the session, and Dr.  
W. Rhys Herbert, adjudicator of  
music.

The first contest of the morning was  
competition in male quartette, with  
two competing: The Hayden Quartette  
of Ottawa, and Mendelssohn's, of  
Lima. Though the audience would  
have voted the prize to Lima for its  
fine work, the adjudication made an  
equal division of honors between the  
contestants.

The Lima quartette was composed of  
Dr. John Evans, George Metheny,  
Walter E. Ryder and Marion Vermil-  
ion.

The second competition was the  
recitation, "The World is What We  
Make It," for children under 15 years  
of age. First prize went to Marguerite  
Thomas, of Venedocia, second and  
third honors to Mabel Pugh and Eliza-  
beth Surdival, of Gomer.

The piano solo competition—"Sad  
Thoughts of Thee," Alloways, for chil-  
dren under fourteen years, was won  
by Miss Naomi Shrieves, of Elida, and  
second honors by Mary Alice Jones,  
and Elizabeth Mildred Jones, of Vene-  
docia.

The competition children's solo—  
"Only an Armor Bearer," (Bliss) also  
for children under 14 years of age, was  
won by Miss Hazel Jones, of Vene-  
docia; with two other competitors in  
Oswald and Lether Jones.

The alto solo—"Lead Kindly Light,"  
brought out two contestants, in Miss  
Georgia Exline, of Ohio City and Miss  
Millie Sontag, the Lima favorite. Miss  
Exline was awarded the first prize.

The comic solo was won by John R.  
Williams, of Gomer, over Donald Mil-  
ler, also of that village.

The children's chorus was one of  
great interest at the morning session  
with three competitors, Venedocia,  
Gomer and Leatherwood. The prize  
went to the Venedocia chorus, which  
was directed by Miss Eunice Evans.

## "CREAM OF LIMA BEANS."

"SHADE OF Thackeray!"—that's a Soup would make "Old Timers"  
long to be on earth again for some "glorious gormandizing."  
Its rich, piquant, pungent, creamy taste comes smacking to  
one's lip long after, at mere memory of its bewitching haunting  
aroma.

This is a stalwart Soup, with plenty of backbone to it—a real food—not  
a bluff. The backbone and nutrition, is supplied by the rich, heavy full-  
flavored Van Camp Cream that is its soul and essence and foundation.

Van Camp Cream is just rich Cream and Milk with two-thirds of the  
water drawn out of it, two hours after coming from the cow. It is then  
sterilized. Nothing added to it. Nothing taken out but the Water.

No expensive cream, can compare with Van Camp Sterilized Cream,  
for Coffee, Tea, Cooking, Soups, Gravies, Pastry, etc.

Cook Book called "Van Camp Delicious Cream Dishes," sent free, on  
request, from Van Camp Packing Co., Indianapolis, Ind.

Van Camp Cream is sold by Grocers in Cans, about pint size, at 10  
cents each. By the case—48 tins for \$4.50, or about 9 cents each.

A case will keep for years in your pantry and it is always ready for  
instant use in any way that fresh Milk or Cream can be used.

What it adds to your Grocer's bill, it more than saves on your Milk-  
man's bill.

**At the Tank Farm.**  
The rush of work on the tank farm  
has been transferred to the south side  
of the Vandallia railroad. One tank  
has been completed on that side of  
the track and already filled with crude,  
and several more are rapidly nearing  
completion. About 13 tanks are al-  
ready completed on the entire farm,  
which is located just west a short dis-  
tance from Martinsville, and all full  
of crude. The tanks are filled with  
crude as rapidly as finished and stor-  
age can not be put in shape fast  
enough to care for half the production.  
The farm south of the railroad and  
west of the Buckle farm is full of tank  
sites that have already been graded.  
A pipe line is being put in from the  
tank site south of the railroad across  
the highway and around to the pump  
station now under construction. The  
men at the station site are busy mak-  
ing concrete block. A drilling ma-  
chine is at work near the station drill-  
ing well for a water supply, and the  
best success has been met with an  
abundance of water has been found at  
about 40 feet. The tool building is  
up and the foundations for the power  
house and dynamo and office building  
are completed. The lower foundation  
of the boiler house is done and the  
carpenters are putting on the boxing  
for the upper foundation. There is  
considerable iron work already on the  
ground for the main buildings. Brick  
is also being stacked on the ground.  
The tank farm is one of the active  
sections of the rushing Illinois oil field.

### Make New Regulations Re- garding Insurance.

The question of insurance changes  
was taken up yesterday for considera-  
tion by the Supreme Lodge of Knights  
of Pythias. The recommendation un-  
der consideration contemplated the  
creation of a new class in the Pythian  
insurance plan, to be known as the  
fifth class and subdivided as follows:  
Plan A. level life plan; Plan B.  
twenty-year payment plan; Plan C.  
modified step rate plan; Plan D.  
level plan to age 65.  
These plans are based on the Ameri-  
can experiment of mortality. The  
rates average less by one-half than  
those of old-line companies and in all  
except the modified step rate plan  
there is an accumulation of a reserve.

**PROVED FATAL.**

Albert Spade Died of His Injuries Last Night.

Albert Spade, the Van Wert man who was hit by a limited car of the Western Ohio road at Beavertown Saturday morning, died from his injuries in the city hospital last evening about 8 o'clock. His death occurred quite suddenly and was unexpected by the hospital surgeons who had attended him and had found him, during the day, to be getting along very well. Death was caused by a blood clot on the brain. As will be remembered, Spade was sitting on a truck at Beavertown and leaned out too far as the limited car was passing and was hit. He sustained three fractures of the jaw.

Deceased was a moulder by trade and belonged in Van Wert, to which place the remains will be taken.

W. P. JACOBS.

Bartlesville, I. T.

Information was received in this city this morning announcing the death of W. P. Jacobs, a well known former citizen of Lima who, for about a year, has been engaged in the drug business at Bartlesville, Indian Territory. The cause of Mr. Jacobs' death and what disposition is to be made of the remains could not be ascertained. His death occurred at Bartlesville either yesterday afternoon or last night.

The deceased was formerly manager in this city for the Producers' Expressive company, with offices and stock room on north Union street, between Market and High streets. He left Lima about a year ago and has since resided at Bartlesville.
